- Laila Elian - Mohamed Hamed Moawd
- Mona Nsouli - Ola Omar
- Saleh Abdulah al-Omari

Working Group 5 / Multipart Structures Statement of Principles

- Generally agree with Introduction, Scope, Functions of Catalogue, and Bibliographic Description.
- Comment: 7.1.3. Names of additional creators beyond the first with no limits.

Working Group 4 / Multipart Structures Glossary

- Suggested new Arabic equivalents for some terms.
- Need for more explanation for the term “Manifestation” in English.

Working Group 4 / Multipart Structures Recommendations

- Making individual bibliographic records for individual works within multipart structures with collective title should be addressed by future cataloguing rules.

Working Group 4 / Multipart Structures Other Recommendations

- Work with IFLA, Regional and National Institutions to motivate Arab publishers to work with libraries in each country to help with Bibliographic Control.
- Work with System Vendors to implement these principles in future ILS.
