LEHI'S NEW PIPE ORGAN

Will Be Placed in the New Tabernacle—Second Finest in the State. Lehi, May 4.—The church officials have placed an order for an organ for the new tabernacle, which, when completed, will be the finest in the state outside of Salt Lake City. The Kimball Organ Company of Salt Lake City, Utah, will construct the organ at \$250 with the pipe organ. The organ will be practically a duplicate of the one in St. Paul's cathedral, Salt Lake City, which cost \$2,000. Lehi's new tabernacle is the best wood building in the state, and Professor Fox is organizing the choir so that it will harmonize with the building and the new organ. At a special school election Tuesday 3500 were voted to complete the new cathedral school house. Eighteen thousand dollars was voted last year, which brings the total up to \$39,000, and makes probably the

new public school building to Utah over the world. President, Otto Nelson, made the announcement of the new school building to the school board. The school board is carrying the matter for the next four years from Vernon to Trout Creek in the western part of the state. He will move his family to Fairchild.

CITIZENS NOMINATE MAYOR AND COUNCIL

A citizens primary was held Wednesday night for the purpose of nominating a citizen mayor and five council members for the coming election. M. L. McAllister was chairman and William Brooks secretary of the meeting.

There were two nominations for mayor, H. T. Alkin and Albert H. Miller. The present mayor, the highest name Mr. Alkin the highest number of votes Mr. Miller drew and asked that the meeting be made unanimous which was done. George K. Miles for treasurer, Nephil H. Savage for treasurer, present incumbents were nominated for their respective offices by majority vote.

There were seven nominees for city commission and the ballot was close. It was decided that one receiving the highest number of votes was to be the longest term man that honor goes to John Woodbury Jr. The five receiving the highest number of votes are: John T. Woodbury Jr., W. A. Felt, W. O. Bentley Jr., W. A. Felt and John Schmidt.

While the voters were casting votes Mayor Albert H. Miller received few remarks on what he considered the chief needs for the city which he recommended to the consideration of his successor. He told the difficulty of accomplishing this on account of the financial condition of the city. Chief among his recommendations were the necessity of water pipes for the water main, the wooden piping showing leakage, many basins, cleaning milk cans, the hope to see the water placed at the cemetery and the planted, recommending the sewage and red cedar throughout the city, sprayers should be repaired. Mr. Miller spoke of the fire power and light equipment, twenty the city and the power of spray and sand whatever the city had made a good fight for its legal right. He thanked the primary for the support and cooperation they had given him and the council and hoped they would cooperate in the new mayor and council. Miller was heartily applauded at the conclusion of his remarks.

Gala Day on River Heights

River Heights, Jan. 25.—Friday, January 25, was Old Folks' day at River Heights. Promoted by all the most successful one ever held here. Dinner was served at 1 p. m. and a free repeat would be hard to provide. About one hundred and twenty-five people were placed in position to give a receipt in full. After dinner all repaired to the church where the following program was carried out: Singing, America Congregational Prayer Counselor John Anderson River Heights Happenings Joel Hicks Song River Heights Quartet Reading Mrs. Fabe Wood What They Refused to Let Me Do to the Program H. V. Hatlett Joseph Knowles, chairman of the State Old Folks Committee gave a pleasing talk. C. T. Barrett of the same committee gave a short talk, following it with a comic song. High Counselor George W. Lindquist made a few remarks and strange to relate he failed to tell the people that overeating was dangerous to life. After the exercises nearly everyone took part in the games in the amusement hall until 5 p. m. An adjournment was then made until 8 o'clock when the dance commenced and a jollier crowd never assembled. Old time dances were in order, interspersed with some by both a ladies and gentlemen's quartet, but the hit of the evening was an Irish character wedding by ten young people. At midnight all went home feeling that the day would be long remembered.

Messrs. William Evans, William Wilson and Mrs. Joel Hicks our excellent old folks committee, wish to thank all those who assisted them in making old folks day a grand success. The music for the dance was furnished by Meredith Ames Sr. and Jr. of Hyrum.

Mrs. Albert Nettson's aunt, Mrs. McClride, of Oakley, Idaho, attended.

Mrs. Jennie Jacobson Merrill and Mrs. Alta Edolop of Logan Sixth ward, Mr. and Mrs. Arthur Hale, Mr. and Mrs. Robert Crookston and William Carroll of Logan Fifth ward attended sacrament meeting here on Sunday evening.

Mrs. George Green received a message last Friday night, stating that her son's wife, Mrs. William Green, had been taken to the hospital at Twin Falls, Idaho, for a very serious operation and requesting her to come there as soon as possible. Mrs. Green's husband and son drove to Cache Junction after midnight that she might catch the first train from there. No word has been received from her yet.

Mr. Peter Maughan and daughter, Marjorie left here Saturday for Whiteley, Idaho, to attend the funeral of Robert Hill, an old friend.

Mr. Alva Cummings 84 years old played his violin which he has owned a great many years, for a birthday party at his nephew's, Mr. Victor Crockett of Logan Seventh ward last Saturday.

There will be a character party given at River Heights amusement hall, Friday evening, January 28 for the benefit of the Sunday School. A prize will be given for the best characters represented. Judges will be announced at the commencement.

Mr. and Mrs. C. A. McCausland are happy over the arrival of a boy at their home. Mother and child doing nicely.

Miss Josephine Tennant of Logan attended the dance Friday night.

Mr. Earl Tinscoe who has lately returned from nearly four years spent as a missionary in the Samoan Islands, gave a very interesting talk at the Sunday evening meeting. He gave an illustration of how their language sounds, also many things pertaining to their manners and customs. Explaining what the church is doing there and what the elders labor consist of. Altogether it was very entertaining to the large audi-

ence. The services were further enhanced with a solo by Mrs. Arthyr Hale of Logan Fifth ward accompanied by Mrs. Robert Crookston of the same ward, on the violin, and Mr. Grace Wood of River Heights on the organ.

Making Extraordinary Mileage a Certainty ~

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

Read Letters Below— Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Gentlemen:—
I submit herewith the history of a 32x4 Firestone Cord tire. This tire has run 37,000 miles. I have retreaded it seven times. The average mileage to each retread was about 3,000. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tires proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retread. I am enclosing photographs under separate cover.
C. U. Penney,
Plant City, Fla.

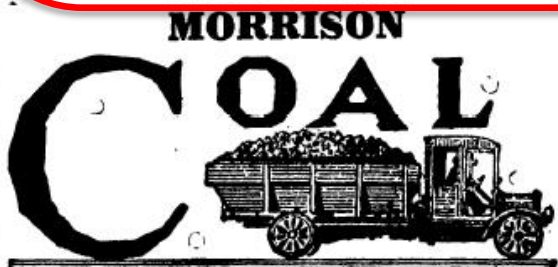

Gentlemen:—
It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 29,000 miles. The second tire rolled up a mileage of between 14,000 and 15,000. These were both rear tires and had been cut considerably by chains. The two front tires have gone better than 15,000 miles and are still in good condition. I expect to get at least 42,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.

PLANS FOR CAMPAIGN

National Committeeman Dunbar Returns From Lincoln.

CONFERRED WITH BRYAN

DEMOCRATS WILL HAVE FINEST ORATORS IN UNITED STATES.

David C. Dunbar, the new Democratic national committeeman for Utah, arrived home yesterday from the east. Before coming he spent several days in Lincoln, Neb., and has much of interest to say about the plans for the campaign now opening and the intentions of Mr. Bryan and his running mate.

"Lincoln," he said, "is a very busy place now and will be until the close of the campaign. There were three big conventions there while I was there and they were very big. Then there were so many of the delegates who called upon Bryan on their way home from the convention that it was impossible to get all the time. I had a number of talks with Mr. Bryan and found him to be very confident of winning a big victory this year. He asserts that every former Republican state in the Union is doubtful.

"Charles A. Tamm is will be one of the great campaigners this fall. He is a big man; he is sacrificing everything for Bryan's success, and the people admire him greatly. Then he is a great orator. I never heard a better speech than one of those that he delivered at Lincoln while I was there.

Webster Davis Will Speak.

"Webster Davis will cut a big figure in the campaign. His was the most striking speech of the whole convention. He is a strong speaker; he has a magnificent delivery and the most positive convictions. He will be in great demand in the campaign.

"Another man who will make his influence felt is ex-Congressman Henry T. Johnson of Indiana. He was a staunch Republican until he revolted on the floor of congress last year and denounced the course of his party on many of the leading questions. He is now an ardent supporter of Bryan and as he is a man of great ability and a fine orator, he is considered a valuable acquisition to the Democratic speaking force.

"The campaign headquarters will be in Chicago, in spite of the strong pull being made by the people of Columbus. There will be greater system in this

CHOOSE NEW BISHOP

Thomas S. Browning Elected in the Third Ward.

SUCCESSOR TO MAYCOCK

SELECTION WAS A SURPRISE—COUNSELORS ARE NAMED.

A surprise was in store for the members of the Third ecclesiastical ward last night, when Thomas Samuel Browning, manager of Browning Brothers' gun store, was selected to fill the vacancy in the bishopric existing since the death of Bishop Thomas Maycock. As his first and second counselors, respectively, Bishop Browning chose Thomas J. Curtis and Elijah M. Weller, jr. All were sustained.

The meeting house was well filled by the time the services commenced, the ward members being in a state of expectancy over the appointment. President Angus M. Cannon and his counselors, Joseph E. Taylor and C. W. Penrose, were in attendance, and as soon as the meeting was turned over to them, as the stake authorities, each made a short address, referring to the business at hand and expressing the wish that everything would be harmonious.

President Cannon presented the name of Mr. Browning amid breathless silence, and it was evident that the selection was popular, although he had been less prominently mentioned than a great many others as possible candidates.

Mr. Browning Was Surprised.

Mr. Browning was called to the stand and briefly expressed his surprise at being chosen. He hoped to have the support of the ward, and said he would labor to the best of his ability in his new capacity.

After consulting with the stake president, the new bishop arose and said he would be pleased to have Thomas J. Curtis, the present incumbent, continue as first counselor, and named E. M. Weller, jr., as second. Both expressed themselves as being willing to serve. Mr. Curtis saying he had hoped to step down and out. But he believed in the Lord's will, not his, being done. Mr. Weller said he felt his weakness in accepting the office, but he was willing to take up the work.

Superintendents for the Sunday school and Mutual Improvement association of the ward were to have been chosen, but President Cannon announced that these matters would be

HOW GEORGE YORK REPAID THE OLD MAN'S KINDNESS.

A man of 78 years beaten into insensibility and robbed of his money by a youth of 22 years whom he had befriended, is a story of one of Sunday's events.

Ernest Osterloh, a baker known to every man, woman and child in Provo, his home, as "Dad," is the victim of the robbery, and George York, also of Provo, is the man suspected of the crime. The two were sleeping together in the barn at Sheets' camping corral on North Main street, across the street east from the front entrance of the temple, having driven from Provo Friday. Osterloh carried a certificate of deposit for \$20 on Zion's Savings bank, and York had seen it. While the old man was lying on his blankets partially asleep at 5:45 yesterday morning, he says, York pounced upon him

with a large boulder in each hand and commenced to rain savage blows on his head. When the old man cried out, his assailant choked him until he could make no sound, then rifled his pockets, securing besides the check, about \$7 in cash, and made off. The police were looking for York all day, but secured no trace of him.

Was Terribly Beaten.

Osterloh sustained a broken nose. In fact, the whole side of his face is crushed in; a bad scalp wound extends for three inches along the left side of his head and

SPOKE AT TABERNACLE

Elders Returned From Missions Tell of Experiences.

HOW JENSEN WAS SAVED

APOSTLE YOUNG SAYS WARS WERE PROPHESED.

The services at the tabernacle yesterday afternoon were taken up principally by young men who have recently returned from various mission fields. The audience was particularly interested in the remarks of Elder Nephth C. Jensen, who has labored in the southern states, and who was reported killed in a railroad wreck near Macon, Ga., on the 23rd of June.

Mr. Jensen was asked to explain how it was that his life was saved on that occasion, and he stated that he had left Macon on the preceding train, although his baggage was on board the one that was wrecked. He had arrived in Macon on the 23rd, went to a hotel to stay until the train left at 3 o'clock in the morning.

He was called too late to get his baggage checked before the train left, but trusted to the honesty of the railroad company to send it on to him at Chattanooga, Tenn. Had he not trusted the railroad officials to look after his baggage for him he would have been on the train that went to destruction. But by doing so, his life was spared to do more good in the world by endeavoring to show people the truth of the gospel as revealed to the Latter-day Saints.

The speaker stated that while he was engaged in mission work he labored some of the time in the western part of Georgia. He found a great many friends there and was treated well by them. He was assaulted once in the streets of Jacksonville, where he had been preaching, for defending the people of his church. But on the whole he got along very well, and saw good results from his work there.

The next speaker was Elder Horace N. Fish of Snowflake, Ariz., who came from Sunnyside, where he was engaged in missionary work. He found the people there very hospitable and generally more cleanly than a person would naturally suppose, but he said they were ready to accept the gospel when the truth was shown to them.

Work Is Difficult.

The missionary there has a somewhat different work to do than in some other fields; he must be a school teacher as well as a preacher. The war in the islands has interfered somewhat with the mission work, but in the face of all these things there are from 80 to 100 converts to the church of Jesus Christ of Latter-day Saints, and the list is on the increase every day. He thought the Latter-day Saints were making better progress here than the other denominations. Mr. Fish concluded by reciting the Lord's prayer in the native Sannan language.

NEWS FROM OVER THE STATE

ON TRAIL OF ROBBERS.

Goshen Safe-crackers Seen at Castilla Springs.

(Special Correspondence.)

Provo, July 15.—A clue to the discovery of the Goshen robbers was found at Castilla Springs and made known to the officers here last evening. Three fellows were seen at the Castilla resort day before yesterday, the day after the robbery at Goshen, who answer very accurately the description given of the three tramps who are suspected of committing the offense. One of the three men tried to dispose of a watch at the springs which answers the description of one of the watches taken from Oldberry's store. Sheriff Storrs and Deputy Henry are now on the trail of the three suspects.

Conference at Provo.

(Special Correspondence.)

Provo, July 15.—The Utah stake quarterly conference of the Mormon church has been in session yesterday and today with rather a meagre attendance. Apostles present today were Cannon, Tensdale and Smoot, all of whom addressed the people. A number of vacancies in the high coun-

cil of the stake were filled. Elder James E. Daniels, on account of old age, tendered his resignation as president of the high priest quorum. The resignation was accepted and Elder J. E. Booth was appointed to fill the position. Elder Daniels was ordained and set apart as patriarch for Utah stake.

Accident at the Gemini.

(Special Telephone to The Herald.) Eureka, July 15.—William Francis fell from a ladder in the Gemini mine last night and was severely injured. He was descending from the 100-foot level when a round of the ladder broke, precipitating him to the bottom of the incline, a distance of twelve feet. He was taken into Salt Lake to be treated in the hospital there today.

Captured a Bear.

(Special Correspondence.)

Ephraim, July 15.—Dave Jacobson captured a young cinnamon bear on the mountains a few days ago. The cub climbed a tree and Jacobson threw a rope over the bear and captured it. Mrs. Augusta Stevenson had her right arm broken above the wrist last evening as the result of a fall.

Indiana Forester Visits Utah to Work Up Interest in an Important Economic Question.

If John P. Brown, secretary of the Indiana Forestry association, who is now in this city, can enlist the interest of the railroad companies in the importance of planting and encouraging the growth of forest trees in Utah and adjoining states, he will feel that his efforts have not been in vain. Already he has been assured by Superintendent Welby of the Rio Grande Western, on suggestion of President Palmer, that he will give the subject earnest consideration, and he believes that the Oregon Short Line management will show as keen interest in the project to rehabilitate the forests.

About the most that Mr. Brown expects to accomplish for a while yet is to secure the moral support of the rail-

come to southern Arizona as a great relief from the parched conditions that have existed for many weeks past.

CALIFORNIA TOWN BURNED.

Fruit and Business Houses of Newcastle Destroyed.

Newcastle, Cal., July 15.—Fire today destroyed all the fruit houses and lending business houses of the town. The total loss will exceed \$100,000. Over 10,000 boxes of fruit were burned. The Southern Pacific company was the heaviest loser. Their loss in fruit in cars and rolling stock is estimated at \$15,000.

Physicians Say Wounded Man Will Now Get Well.

The condition of W. B. Haynes, who was shot by Roy Kaighn, was so greatly improved yesterday that Dr. Niles, who is attending the wounded man, believes that his recovery is now assured and that there is but one chance in a hundred of death. The patient is reported as cheerfully looking forward to the time when he will be able to leave his bed. He received a short visit yesterday forenoon from his sister, but no other visitors were allowed to see him.

Young Kaighn will be taken into court tomorrow morning at 10 o'clock for preliminary examination on a charge of assault with a deadly weapon.

Stolen Horses Found.

With the assistance of Sheriff Maize of Summit county, Deputy Sheriff Joe Raleigh yesterday located three horses stolen from Peter Condit, Mr. Condit sent Jason Beebe, one of his sheepherders, to his ranch with the equines about three weeks ago. Neither the herder nor the horses got there and yesterday's inquiries showed it is alleged, that the former had sold the latter to parties at Park City. Mr. Condit will go to the Park to identify the property. Beebe has disappeared.

INCREASE OF RATES POSSIBLE

H. E. Parkhurst of Local Board summarizes the Matter and Recommends Changes—Waste of Water, Large Blocks, Wide Streets and Inadequacy of Fire Department Dealt With—Increase of Storage Capacity Suggested—Superintendent Hines Discusses Matter.

Destroy recently compan thorough investigation has been made of the defects in the fire and water systems. The attention of the municipal authorities will be called to certain changes regarded as necessary to the protection of property, and a veiled hint conveyed that an increase of insurance rates will be necessary unless steps are taken to lessen the danger from fires. The investigation has been made by H. E. Parkhurst, the surveyor in charge

then why should not the rates be increased, if the city is unable or unwilling to rectify them?"

The document will be submitted to the local board of underwriters, which will appoint a committee to confer with the City Engineer, the Chief of the Fire department and the Mayor, to see what can be done in the way of carrying out the reforms indicated.

SUPT. HINES'S STATEMENT.

City Has Enough Water If Waste Is Stopped.

Superintendent of Waterworks Frank Hines insists that the only solution of the water problem in this city is the purchase and installation of meters. In explaining the reasons for his position, Mr. Hines says:

"The average daily consumption of water in Salt Lake is something fearful to think of. Just think of Salt Lake, with a water population of about 50,000, using from 10,000,000 to 12,000,000 gallons per day, or say the average will be 11,000,000 gallons, or a per capita consumption of 220 gallons daily. The only way to stop this waste is

PRESIDENT CARR

THE WA

Catarrh Claims a Multitude of Victims Every Winter,

The Vast Majority of Whom Never Recover.

Will You Be One of Them?

Catarrh is silent and insidious in its ravages, but it pervades nearly every household and hovers like a pestilence over every hamlet and city in our land.

Catarrh (and its legitimate consequences) have desolated more hearthstones, made wretched more happy lives and ended more brilliant careers than all other diseases combined.

Catarrh may end in deafness, blindness, loss of smell, loss of taste, or the entire loss of voice.

Diphtheria, bronchitis, pneumonia, consumption and pleurisy begin almost always as the result of a catarrhal attack.

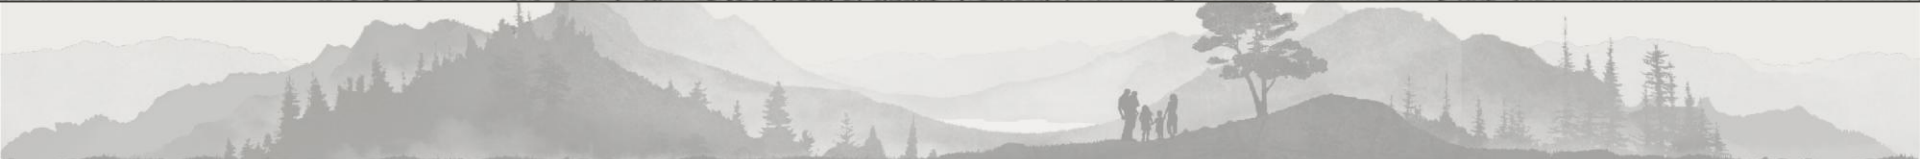

The worst forms of dyspepsia and Bright's disease of the kidneys are also the direct consequences of neglected cases of acute catarrh.

Even when the victims of acute catarrh escape all of the above-mentioned liabilities, there remains the great probability of its ending in chronic catarrh.

The only hope of success in the permanent cure of a case of chronic catarrh is to devise some remedy that will stimulate the nerves which supply the capillary blood vessels.

There is but one remedy that has this most desirable effect, and that

Description

Digital images of Chinese genealogies from various public and private collections. Although some genealogies include information on family branches that migrated to surrounding countries this collection covers families with roots in China. Chinese family genealogies list the origin of the family within China, where the family settled, and gives the generations of the family. Although some genealogies reach as far back as 1500 the time period and content of the records will vary from one genealogy to the next. Additional records may be added to this collection. Check the wiki or browse the collection to determine current coverage.
